

## Model 9454 RJ45 Cat5e 3-Channel A/B Switch, Manual, Rackmount

- **Certified for Cat5e Compliance.**

### INTRODUCTION

The Model 9454 enables access to two 10/100/1000 Base-T Cat 5e networks. Each of the three channels of the Model 9454 Cat5e A/B Switch allows the user to reroute data between two networks with a simple flip of a switch. The unit supports all 8 pins of the RJ45 Cat5e interface. No need to plug and unplug cables thereby eliminating connector wear. The Model 9454 is enclosed in a 1U, full rack size, all metal black chassis designed to provide EMI/RFI shielding and fit in a standard 19" rack.

### FEATURES:

- **Efficient use of panel space; three complete A/B switches in 1U panel height (1.75").**
- Each channel allows quick connection to any one of two devices from one COMMON device.
- Rated for 10/100/1000 Base-T networks (Up to Cat 5e).
- Certified for Cat 5e compliance.
- All 8 pins of the RJ45 interface are switched via break-before-make rotary switch.
- The switch ports are transparent to all data.
- Individual Channel Control via three knobs located on the front panel, one knob per channel.
- High quality sealed switch with self-wiping precious metal contacts.
- Manually operated. No power required.
- Attractive all metal black box packaging provides EMI/RFI shielding.
- Lifetime warranty against manufacturing defects.
- Custom length Cat5e cables available for your switch installation for improved system performance.

- ★ **Municipalities, schools, government: This product is on GSA Schedule!**
